DEAF-MUTES.

The object of this Supplemental Schedule is to furnish material not only for a complete enumeration of deaf-mutes, but for an account of their condition. It is important that every inquiry respecting each case be answered as fully as possible. Enumerators will, therefore, *after making the proper entries upon the Population Schedule (No. 1)*, transfer the name (with Schedule page and number) of every deaf-mute found, from Schedule No. 1 to this Special Schedule, and proceed to ask the *additional questions* indicated in the headings of the several columns. Care must be taken not to enumerate persons who are deaf only (hard of hearing) or dumb only (tongue-tied) as deaf-mutes. A deaf-mute is one who cannot speak, because he cannot hear sufficiently well to learn to speak.

Enumerators may obtain valuable hints as to the number of deaf-mutes, and their residence, from physicians who practice medicine in their respective districts, also from school-teachers. Great assistance may be derived from questions addressed to deaf-mutes themselves: Do you know any deaf-mute in this neighborhood? The class feeling of the deaf and dumb, arising from their isolated state, is so great that they seek each other out for the sake of companionship, and ordinarily know every deaf-mute for miles around.

	Number taken from Schedule No. 1: Number of page.	Number taken from Schedule No. 1: Number of line.	NAME.	Residence when at home. (See Note A.): City or Town.	Residence when at home. (See Note A.): County (if in same State), or State (if in some other State).	Is he (or she) self-supporting, or partly so. (See Note B.)	Age at which deafness occurred. (See Note C.) NOTE A.—A deaf-mute may be found either at his own home or away from it in some educational institution, asylum, or poor-house. In the latter case, his residence when at home must be stated, in order that he may be accredited to the State or county to which he properly belongs, and that the county in which the institution is situated may not be charged with more than its due proportion of deaf-mutes.

NOTE B.—If self-supporting, say "yes;" if partly self-supporting, say "partly;" if not, say "no." Indicate all inmates of institutions who are maintained or treated at their personal expense (not at the expense of any town, county, or State, nor of the institution) by the word "Pay."

NOTE C.—If a deaf-mute from birth, say "B;" if not, state the age at which deafness occurred. *Special pains should be taken to indicate all deaf-mutes from birth.*

NOTE D.—The word "semi-mute" has a technical meaning, and denotes a deaf-mute who lost his or her hearing after having acquired at least a partial knowledge of spoken language. Some semi-mutes retain the ability to speak imperfectly, others lose it entirely. If a deaf-mute has ever learned to speak, he is a semi-mute; (unless he was artificially taught to speak in an institution for deaf-mutes.)

By a semi-deaf person is meant one who cannot hear sufficiently well to comprehend what is said to him, but who hears very loud sounds, such as thunder, &c.

NOTE E.—In making entries in columns 14, 15, and 16, an affirmative mark only will be used, thus: ✓.

BLIND.

The object of this Supplemental Schedule is to furnish material not only for a complete enumeration of the blind, but for an account of their condition. It is important that every inquiry respecting each case be answered as fully as possible. Enumerators will, therefore, *after making the proper entries upon the Population Schedule (No. 1)*, transfer the name (with Schedule page and number) of every blind person found, from Schedule No. 1 to this Special Schedule, and proceed to ask the *additional questions* indicated in the headings of the several columns.

In this enumeration will be included not only the totally blind, but also the semi-blind. No person will be carried on this Schedule, however, who can see sufficiently well to read. For the distinction between the totally blind and the semi-blind see Note E; it is of the greatest importance to note this distinction with care, by making the proper entry in columns 10 or 11.

The object of this Supplemental Schedule is to furnish material not only for a complete enumeration of the insane, but for an account of their condition. It is important that every inquiry respecting each case be answered as fully as possible. Enumerators will, therefore, *after making the proper entries upon the Population Schedule (No. 1)*, transfer the name (with Schedule page and number) of every insane person found, from Schedule No. 1 to this Special Schedule, and proceed to ask the *additional questions* indicated in the headings of the several columns.

A.—An insane person may be found either at his own home or away from it in some institution, such as a hospital, asylum, or poor-house. In the latter case, his residence when at home must be stated, in order that he may be accredited to the State or county to which he properly belongs, and that the county in which the institution is situated may not be charged with more than its due proportion of insane.
B.—*It is not necessary to make minute subdivisions*, but to ascertain the number suffering from certain marked forms of insanity—mania, melancholia, paresis (general paralysis), dementia, epilepsy or dipsomania.
C.—An insane person may have more than one attack of insanity: he may recover and afterward become again insane. It is important to know at what age the first attack occurred; how many distinct attacks the patient has had; and the duration of the present attack. The duration of the present attack may be stated in years or months, thus: "1 yr." or "3 mos." *If he has not had more than one attack, which still continues, insert the figure "1" in column 9.*
D.—The object of the inquiries in columns 11 and 12 is to ascertain approximately the proportion of the insane who cannot be trusted with their personal freedom. In column 11, if the patient is usually or often locked in a room or other apartment in the day-time, say "yes;" if not, say "no;" but if locked at night and not by day, say "night." In column 12, if usually or often mechanically restrained, state the mode of restraint, thus: strait-jacket, camisole, muff, strap, hand-cuffs, ball and chain, crib-bed, &c. If, instead of mechanical restraint, the patient has a constant personal attendant, say "attendant."
E.—In column 13 name *all* the hospitals or asylums for the insane (not jails or poor-houses) in which the patient has been for a longer or shorter time an inmate, and in column 14 state the *entire number* of months or years spent in such institutions (whether in one institution or more).
F.—In making entries in columns 16, 17, and 18, an affirmative mark only will be used, thus: ⁄

IDIOTS.

The object of this Supplemental Schedule is to furnish material not only for a complete enumeration of the idiots, but for an account of their condition. It is important that every inquiry respecting each case be answered as fully as possible. Enumerators will, therefore, *after making the proper entries upon the Population Schedule (No. 1)*, transfer the name (with Schedule page and number) of every idiot found, from Schedule No. 1 to this Special Schedule, and proceed to ask the *additional questions* indicated in the headings of the several columns. An idiot is a person the development of whose mental faculties was arrested *in infancy or childhood before coming to maturity*. The word "idiot" has a special meaning which it is essential for every enumerator to know. An idiot is ... The latter is not true idiocy, ... mental power in consequence of insanity. It is sometimes difficult to distinguish between the stupidity which results from idiocy and that which is due to the loss or deterioration of mental power in consequence of insanity. The enumeration desired for the Census is of *true idiots only*. Demented persons should be classed with the insane, but dementia or imbecility. Enumerators may obtain valuable hints as to the number of idiots, and their residences, from physicians who practice medicine in their respective districts.

Number from Schedule No. 1.	Name.	Residence when at home. (See Note A.) City or Town.	County (if in same State), or State (if in some other State).	Is this person self-supporting, or partly so? (See Note B.)	Age at which idiocy occurred. (See Note C.)	Supposed cause of idiocy (if acquired). (See Note D.)	Size of head. (Large, small, or natural.)	Training School. Has this person ever been an inmate of a training school for idiots? If yes, name the said training school.	What has been the total length of time spent by him (or her) during life in any such training school or training schools.	Date of discharge. (Year only.)	(See Note E.) Is this person also insane? ⁄	Is he (or she) also blind? ⁄	Is he (or she) also deaf? ⁄	Is he (or she) also an epileptic? ⁄	Is he (or she) paralyzed? and if yes, on which side? Right. ⁄	Left. ⁄

The object of this Supplemental Schedule is to furnish material not only for a complete enumeration of paupers, but for an account of their condition. It is important that every inquiry respecting each case be answered as fully as possible. Enumerators will, therefore, *after making the proper entries upon the Population Schedule (No. 1)*, transfer the name (with schedule page and number) to this Special Schedule and proceed to ask the *additional questions* indicated in the headings of the several columns.
In case any person enumerated on this Special Schedule is blind, deaf and dumb, insane, or idiotic (see columns 25 to 28 inclusive), the particulars of such case will also be carried on such other Special Schedule, as the case may be.
In addition to the enumeration of paupers required in this Schedule, enumerators will also ask the keeper of every institution designed for the maintenance of the destitute the questions found below, at the bottom of the page, respecting the number of paupers during the year ending May 31, 1880, and record the answers.
